

# SPOT THE SIGNS OF AFRICAN SWINE FEVER

**THIS HIGHLY CONTAGIOUS ANIMAL DISEASE AFFECTS ALL PIGS.  
THERE IS NO VACCINE OR TREATMENT.**

## REPORT THE SIGNS

Contact your local CFIA Animal Health Office  
[inspection.gc.ca/ContactUs](https://inspection.gc.ca/ContactUs)

## PREVENT A SPREAD

Knowing how to spot the signs early on and reporting any possible cases immediately could prevent a spread of African swine fever (ASF) and save a lot of pigs and jobs.
